Assembly Begins

Second Coming of Siddu as Chief Minister

R.V. Deshpande sworn-in as Protem Speaker; No takers for Speaker's post!

Dy. Chief Minister D.K. Shivakumar meets former CM S.M. Krishna

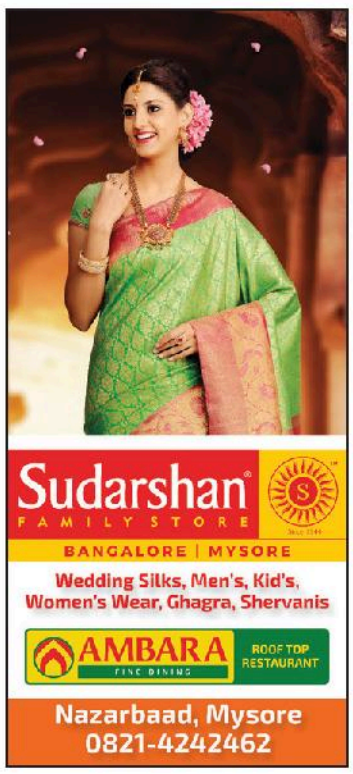
Governor Thaawarchand Gehlot administering oath to Senior Congress MLA R.V. Deshpande as the Protem Speaker of the Assembly at Raj Bhavan in Bengaluru this morning.

Bengaluru, May 22 (KMS&DM)- The first session of the 224-Member 16th Assembly of Karnataka, after the Siddharamaiah-headed Congress Government was sworn-in on Saturday, began at Vidhana Soudha here this morning with the Protem Speaker R.V. Deshpande conducting the oath-taking of all the newly elected MLAs.

While the oath-taking will be held today and tomorrow (May 23), the election of the Assembly Speaker will be held on May 24, the third and final day of the first Assembly Session.

Chief Minister Siddharamaiah, who was elected from Varuna in Mysuru district, was the first to take oath as MLA, followed by Deputy Chief Minister D.K. Shivakumar (Kanakapura) and Cabinet members Dr. G. Parameshwara, K.H. Muniyappa, Priyank Kharge, M.B. Patil, Satish Jarkiholi and K.J. George.

(See ASSEMBLY on page 7)



PUBLIC NOTICE

TO WHOM SO EVER IT MAY CONCERN

The owners of the lands bearing Sy. Nos. 15/1-2, 18/4, 19/1-2, 20/1-2-3, 27/1-2-3-4, 32, 38/1-2, 40/1-2- 3 and 41/2 of Dattagalli Village, Kasaba Hobli, Mysore Taluk and District, had formed a Layout and laid out sites, We (the members of the association) had purchased sites carved out in those lands and built houses. The Mysore Urban Development Authority demolished the structures and took possession of the lands. In this regard, We, the aggrieved persons and the Association formed by us viz., Sri Chamundeshwari Nagara Sarvodaya Sangha (R) filed WP No.51523/2015, wherein it was brought to the notice of the Hon'ble Court about Government Order No.NaAaE 113 BhooBaDi 97 Bangalore dated 11/07/1997, whereby MUDA was directed to regularize and allot sites to the members of the Sangha subject to certain conditions. However, the MUDA stated that the said acquisition proceedings initiated in respect of the said lands is the subject matter of WA No.437/2014 filed by one Sri Veerkumar Jain, the W.P.No.51523/2015, filed by us, came to be dismissed on 06/12/2016, observing that so long as the acquisition proceedings are not finalized, the MUDA cannot be faulted in refusing the regularization of lands in question. We challenged the said order dated 06/12/2016 in W.A No.5681/2017 which was also dismissed on 27/2/2023 on the same ground. It is pertinent hereto state that the W.A No.437/2014 also came to be dismissed 27/02/2023 and the acquisition proceeding were upheld.

We, submitted a representation to implement the Government Order No.NaAaE 113 BhooBaDi 97 Bangalore dated 11/07/1997 and also filed a Review Petition No.135/2023 for review of the order dated 27/02/2023 in W.A No.5681/2017.

In view of the above, the subject regarding compliance of the Government Order No.NaAaE 113 BhooBaDi 97 Bangalore dated 11/07/1997, was placed before the MUDA Board Meeting on 21/03/2023, vide Subject No.13(4) and after detailed discussions, the Board passed a resolution to implement that Government Order.

We, filed the resolution copy in Review Petition No.135/2023, which was pending before the Hon'ble High Court and taking the same into consideration, the Hon'ble High Court disposed the Review Petition on 19.04.2023 and held that it would be open to MUDA to take action for allotment of sites in favour of petitioners in WP No.51523/2015. We the members of the association have made a representation to the Commissioner, MUDA for the implementation of the orders of the Review Petition No.135/2023, dated 19.04.2023, and take necessary steps as required.

We, the members of the association have now reliably learnt that some members of the General Public (who are short of information and have no knowledge of the latest developments) are spreading false propaganda and are misleading the officials there by causing delay in the implementation of the orders of the Review Petition No.135/2023, dated 19.04.2023.

Hence, We the members of the Association do hereby call upon the General Public not to deal with the said Sri Veerkumar Jain and Others, who have not got any right, title or interest in the said lands, and who have been making some baseless allegations, misleading and spreading false propaganda on the basis of some wrong information's. We further warn the General Public at large, that if their information is not supported by any documentary proof, We will be forced to take necessary legal action against such erring persons, whoever come in the way of the implementation of Orders of the Review Petition No.135/2023, dated 19.04.2023, as contemplated under law before the appropriate forum.

Sri Chamundeshwari Nagara Sarvodaya Sangha (R)
R.No.75/85, Dattagalli, Badavane, Mysore.

President — **Sri H.V.Vrushabendrappa**
Secretary — **Sri C.R.Bojaraju**

Place: Mysore
Dated: 21.05.2023

STAR OF MYSORE

Mysuru, Monday 22nd May 2023

'MAA Utsav' on May 27

Mysuru, May 22- The Mysore Medical College Alumni Association (MAA) is organising 'MAA Utsav' on May 27 at the Mysore Medical College and Research Institute (MMC&RI) Platinum Jubilee Hall in JK Grounds here.

This was disclosed by MMC&RI Alumni Association President Dr. S. Chandrashekar at a press conference held at Pathrakartara Bhavan recently.

"The Association has been continuously organising creative activities and acting as a bridge between old students who are spread across the nation and the new students, apart from holding programmes related to medical science. MMC&RI will be celebrating its centenary year in 2024 and this year's 'MAA Utsav' will be very special," added Dr. Chandrashekar.

On May 27, six doctors, who have distinguished themselves with their meritorious service in the medical field, will deliver lectures during the scientific sessions from 9 am.

The Annual Meeting of the Association will be held at 2 pm followed by felicitation to 20 senior students of 1962 batch at 6 pm.

Former Vice-Chancellor of Mysore University Prof. K.S. Rangappa will be the chief guest on the occasion.

Office-bearers of MMC Alumni Association Dr. P. Malegowda, Dr. S. Prasanna Shankar, Dr. H.B. Shashidhar and Dr. Krishnegowda were present at the press meet.

EDITOR'S BOTTOMLINE

The gentle idea that the world, or rather creation, is God's lila or play has two larger implications. First, if God created the world out of sheer boredom, boredom must be a great motivator. Second, the antidote to boredom is indeed creativity.

Going beyond the divine, boredom in human beings is as old as the human species. It has been believed that melancholy arising out of boredom can be dangerous. It could lead to actions prompted by no more than a casual need to do something. These ill-considered actions could hurt those carrying them out as well as those affected by them. When these actions are taken by the powerful, they could lead to wars, persecution, and witch hunts. For the less powerful, the ill-considered actions could be a fight with neighbours or just intolerance. Early philosophers, both Greek and Indian, attributed boredom to fickleness and a lack of motivation. The inability to control desires was seen as the main cause of fickleness and a virtuous life that enhances motivation was the prescription. This took the form of duties. As duties became more oppressive, there was a tendency to make them more enjoyable, as in the case of the patronage of the arts.

Contemplation and appreciation of nature in its various hues — anything that uplifted the mind — were expected to wean it away from boredom. Leisure and enjoyment of subtler forms of activity, from reading and writing to more explicitly performative arts, assumed that the propensity for boredom was the result of an intelligent mind. This brought with it the possibility of the repetition of these activities becoming boring. We are thus in a never-ending cycle of boredom, demanding new activities that could themselves become boring. The ability to put up with some boredom then becomes necessary for existence.

NEWS SPARKLERS

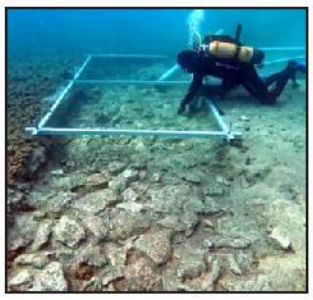
"World's deepest fish" caught on camera

New York: A massive research initiative to explore deep-sea creatures brought discoveries to light in the northern Pacific Ocean last year, when scientists filmed and captured three fish at depths never recorded before.

As part of a 10-year collaborative study between the University of Western Australia and the Tokyo University of Marine Science and Technology that was funded by Caladan Oceanic, scientists used baited robotic cameras to film a young snailfish at about 8,300 meters below the surface.

Snailfish can only grow to about 12 inches long. They are found in oceans across the world, with some species inhabiting relatively shallow waters. The snailfish was discovered 8,300 meters down — which is more than 27,000 feet, or five miles, deep — belongs to an unknown species, scientists said.

Ancient highway discovered at ocean bottom



Korčula: Archaeologists have found a prehistoric highway at the bottom of the Adriatic Sea off the coast of a Croatian island, 7000 years after it was built.

The Stone Age road may once have linked a now-submerged Neolithic site to the island of Korčula.

Korčula was previously attached to mainland Croatia until sea levels rose at the end of the last Ice Age (around 12,000 BC) forming the island about 8,000 years ago.

The 13ft-wide road was believed by archaeologists to have been built by an ancient Hvar culture. It's believed that the highway was built as a way to get from Soline to Korčula by the Hvar-Lisičići culture - a Neolithic culture in the eastern Adriatic coast named after the island.

HEALTH CAPSULE

Most cases of chronic kidney disease show no overt symptoms during the early stage. Individuals with high risk factors are advised to check their kidney functions regularly.

Sky Watch by COSMOS

Mysuru, May 22- The Cosmology Education and Research Training Centre (COSMOS), Mysuru, Indian Institute of Astrophysics (IIA) and University of Mysore (UoM), have organised a Sky Watch Event at Vijnana Bhavan, Manasagangothri, tomorrow (May 23) from 6.30 pm to 8.30 pm.

For details, contact N. Amoghavarsha, Project Associate-I: COSMOS, on Mob: 63621-59474.

Anathalaya starts admission for free boarding, lodging facilities

Mysuru, May 22 (BS)- The Anathalaya on Narayana Shastry Road (N.S. Road) in city has started admission for free hostel facility for Brahmin students studying 1st PUC, Professional or Post-Graduate courses. Free boarding and lodging facilities will be provided, besides imbibing Brahminical culture.

Interested may contact the Manager on Ph: 0821-2424219 or e-mail ***mysoreanathalaya@gmail.com***, according to C.V. Gopinath, President of Anathalaya and former Additional Secretary to the Government of India.

History: Anathalaya is a 135-year-old institution established by Dayasagara M. Venkatakrishnaiah, popularly known as Mysore Thathaiah. He was a philanthropist, journalist, educationist and people's representative in the erstwhile Mysore State Self-Governance Council and above all, a social reformer for emancipation of women through vocational training.

The institution (Anathalaya) is run by donations collected from philanthropists and former inmates, making it self-sustaining to provide better basic amenities to the students.

The Boys Hostel is located opposite Sri Raghavendra Swamy Mutt on N.S. Road and is well-equipped with rooms on a sharing basis, with hot water supply for bath and hygienic food cooked by Brahmins in the premises. Three-time meals including breakfast, lunch and dinner is provided, along with milk in the morning and evening hours.

The students will also be covered under a Group Insurance Scheme to take care of their minor illness. *Sandhyavandana* is mandatory to imbibe Brahminical culture among the students. Students must participate in regular pujas during festival and compulsorily attend yoga classes.

REALLY...?

- ***An ancient Sanskrit treatise from India called the Arthashastra is one of the first written references to toll roads. Toll roads are roads created and maintained by a governing entity that cost money to use. There are toll roads and toll bridges in the United States and elsewhere today.***
- ***The Arthashastra is believed to be around 2,300 years old. Tolls to use constructed roads were acknowledged alongside other forms of taxation used to generate revenue for the king.***

LAUGHTER THE BEST MEDICINE

When students are asked what they would do if they hit the lottery, Little Johnny doesn't say anything."Johnny," asks the teacher, "don't you have an answer for the question?"
*"No, ma'am," **Johnny replies,** "If I won the lottery, I'd have my Secretary answer questions!"*

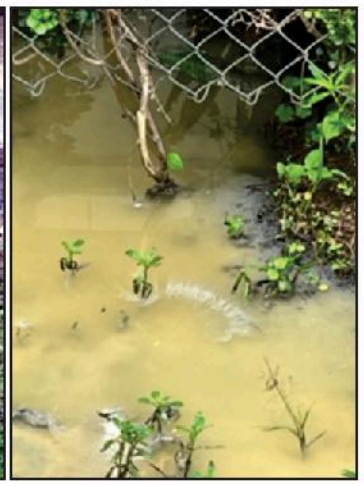
VOICE OF THE READER

Overflowing UGD line troubles K.C. Layout residents



Sir,

We the residents of K.C. Layout, 2nd Main, 1st Cross, are forced to tolerate the unbearable stench emanating from the overflowing UGD located at the corner of the 2nd Main Road.

The overflowing drainage problem is caused due to the faulty and inadequate UGD pipeline of a Kalyana Mantap that is connected to the UGD line of domestic users.

Despite our fervent requests to the civic authorities concerned to repair and set right the problem, none have turned up till date. Hence, we appeal to the Mysuru City Corporation Commissioner and the health authorities to do the needful immediately, besides constructing a separate UGD for the Kalyana Mantap.

As of now the waste water from the Kalyana Mantap flows through UGD line of domestic users, resulting in the above problem.

On behalf of the affected citizens, we once again urge the authorities concerned to find a long-lasting solution to this problem.

Padmavathi, Physical Education Director K.V. Nagabhushan and Class Teacher M.G. Sunil.

Former Udupi MLA passes away

Sabhapathy

Udupi, May 22- Former Udupi MLA U.R. Sabhapathy (71) passed away here yesterday following brief illness.

He leaves behind his wife, two sons and a daughter. Sabhapathy had entered the Vidhana Soudha after getting elected from Udupi Constituency in 1994 on a Karnataka Congress Party (KCP) ticket, a party that was formed by former Chief Minister S. Bangarappa.

He also won in 1999 contesting on a Congress ticket. He however got defeated in the 2004 Assembly polls and later had identified himself with Rashtriya Janata Dal and JD(S).

An influential leader of the coastal districts in the 1980s and 90s, Sabhapathy was also a noted Orator. His last rites were performed on Sunday.

Prof. Rangappa urges researchers to prioritise societal benefits

Prof. K.S. Rangappa, former Vice-Chancellor, University of Mysore, who was felicitated at Amrita Vishwa Vidyapeetham in city recently, seen with Brahmachari Anantaananda Chaitanya, Director, Amrita Vishwa Vidyapeetham, Mysuru Campus, Brahmachari Muktidamrta Chaitanya, Correspondent, Mysuru Campus and others.

Mysuru, May 22 (BS)- Former Vice-Chancellor of University of Mysore Prof. K.S. Rangappa highlighted the significance of organising conferences to create awareness and enhance scientific temperament among the participants.

He addressed the gathering, after inaugurating international conference on "Advances in Chemical and Physical Sciences" organised by the Department of Sciences, School of Physical Sciences, Amrita Vishwa Vidyapeetham, Mysuru.

Prof. Rangappa emphasised the inter-connectedness of Chemistry and Physics, by stating that Chemistry forms the core foundation of Physical Sciences.

Underscoring the pervasive influence of Chemistry in our daily lives from the food we consume to the materials we use, he said Chemistry plays an integral role in shaping the world around us.

He also stressed the need to adopt a multi-disciplinary and inter-disciplinary approach, leveraging computer-based analysis to drive scientific breakthroughs for a successful research.

"The true measure of success of research lies in its ability to benefit humanity. The scientists must align their efforts towards research that directly addresses societal challenges and improves the well-being of people," added Prof. Rangappa.

He also emphasised the role of research in enhancing the development of the nation, calling upon the scientific community to contribute to the progress and prosperity of the country.

Highlighting the rapid growth of Physical Sciences in recent years, he remarked that 'the driving force behind quick decision-making and scientific progress is advancement in technology. The scientists must embrace technological advancements to expedite their understanding of the physical world.'

As part of the conference, technical talks such as "Memristive devices: Materials and Mechanisms" by Prof. Konard Szacilowski, Department of Photophysics and Electrochemistry of Semiconductors, AGH University of Science and Technology, Krakow, Poland; "Switchable Magnetic Materials Based on Redox-Active Ligand" by Prof. Abhishek Mondal, Solid State and Structural Chemistry, Indian Institute of Science (IISc), Bengaluru; "Modifications and Composites of Carbon Dots for Sensing Applications" by Dr. T.P. Vinod, Christ University, Bengaluru; "Innovation Dynamics and IPR – Patenting strategies for Academics and Research" by Dr. T. Pavan Kumar, CSIR-Institute of Minerals & Materials Technology,Bhubaneswar; "Watching Chemical Reactions in Atomic Scale and Femtosecond Resolution" by Prof. Nisanth N. Nair, Dept. of Chemistry & Dean of Digital Infrastructure and Automation, Indian Institute of Technology, Kanpur; "Recovery of value adding components from Agro-food biomass" by Prof.SaranaSammano, Chiang Mai University, Thailand and "The potential impact of nanotechnology in healthcare" by P. Sukanya, Nutrisukan Biotech Private Limited, Bengaluru, benefited the participants.

The conference served as a platform for researchers, scholars and students to share knowledge, exchange ideas and forge collaborations. With a focus on inter-disciplinary research and its impact on society, the conference promised to contribute to the advancement of scientific knowledge and foster innovation in the field. Around 100 delegates from different parts of the world attended the conference.

Dr. G. Ravindranath, Principal, Amrita Mysuru, Prof. Shekar Babu, Associate Dean, Dr. Rekha Bhat, Academic Coordinator, Dr. K. Shivaprasad, Research Head, School of Physical Sciences and others were present.

No power supply on May 23, 24

Mysuru, May 22- As Chamundeshwari Electricity Supply Corporation (CESC) has taken its 1st quarterly maintenance works at Hullahalli, Hura and Sindhuvallai Power Distribution Centres, there will be no power supply on May 23 and 24 between 10 am and 5 pm in the following villages:

On May 23 -Hullahalli Power Distribution Centre: Hullahalli, Shiramalli, Haginavalu, Rampura, Heggadahalli, Duggahalli, Huskur, Kurihundi, Yalahalli, Valagere, Haratale, Mobhalli, Gandhigrama, Byalaru, Madapura, Karya Gram Panchayat (GP) and surrounding villages.

On May 24

Hura Power Distribution Centre: Hura, Hadya, Hallare, Devarayashettypura and Hediyala villages and GP limits.

Sindhuvalli Power Distribution Centre: Devirammanahalli, Devarasanahalli, Kalale, Naviluru, Sindhuvalli, Kasuvinahalli villages and Gram Panchayat limits.

At Devanur Power Distribution Centre: Rammanahalli, Kalisiddanahundi, Hanchya, Sathagalli, Galigarahundi, Nehrunagar, Sathagalli, DTS Raonagar, VTU College, Sunpure Layout, Sathagalli 'B' Zone, Bharatnagar and surrounding areas, according to CESC Executive Engineers, Nanjangud and NR Mohalla Divisions.

Heavy rains and gusty wind claim three lives in Mysuru

Trees, electric poles come crashing down; Cattle electrocuted

Harish Lokesh Swamy

Mysuru, May 22- Heavy rains accompanied by gusty wind, thunder and lightning, that lashed the district including the city last evening has claimed three lives.

While two persons were killed when lightning struck them, another person was electrocuted after stepping on a live power line which had snapped and fell on the ground.

While many trees and electric poles came crashing down due to gusty wind in the district, two huge trees got uprooted and fell across JLB Road in front of MUDA Office and near City Law Courts Complex. Following gusty winds, tiled and asbestos sheet houses were the most affected as wind blew away tiles and sheets of many houses. Power was disrupted at many places across the district due to snapped power lines.

In Mysuru city, rains began to pour at about 4 pm which continued for more than an hour. After giving a gap, rains accompanied by gusty winds began to lash at about 6 pm.

Though there were no heavy rains, gusty winds uprooted a couple of trees and also brought down electric poles. A few cattle heads were electrocuted.

A huge tree was uprooted in front of District Court in Chamarajapuram. As the tree fell on power lines, the power lines snapped and the electric pole came crashing down.

Trees also fell near Kalamandira on Hunsur Road, JLB Road, Bogadi 2nd Stage, Vijayanagar 2nd Stage, Alanahalli, Triveni Circle in Kalyangiri, near St. Thomas School in Vidyaranyapuram and Saraswathipuram 5th Main Road. A tree branch broke and fell on K.R. Police Station building on M.G. Road.

As many electric poles had come crashing down, snapping power lines in the process, power was disrupted in many areas in city. Huge cut-outs of CM Siddharamaiah and Deputy CM D.K. Shivakumar, which were installed near Ramaswamy Circle have broke and fell. Public, who sensed danger, have themselves removed the cut-outs.

Motorists, especially two-wheeler riders, suffered the most as sudden gusty winds caught them off guard. On the Outer Ring Road, heavy winds blew away a few two-wheelers resulting in some riders falling down from their bikes and scooters.

Lightning kills two: Two persons were killed when lightning struck them in Hunsur and Periyapatna taluks.

Harish (42), a farmer and a resident of Mantikoppal in Hunsur taluk, was working in his agricultural field when rain accompanied by thunder and lightning began to lash.

In a bid to avoid getting drenched, Harish went inside a small hut in the field when the tragedy took place.

Hunsur MLA G.D. Harish Gowda, visited the house of the deceased and consoled the family members and instructed the Tahsildar to take steps to provide compensation to the family members of the deceased.

Meanwhile, Lokesh (55), a resident of Avarthi village in Periyapatna taluk, was engaged in work at his field when rain began to pour. He then took shelter under a tree when lightning struck killing him on the spot.

A case has been registered at Bylakuppe Police Station. Post-mortem was conducted at Kushalnagar General Hospital and the body was handed over to the family members.

Youth electrocuted: Swamy (18) was killed when he accidentally stepped on a live power line which had snapped and fell on the ground due to wind. The tragedy took place near Kudakoru village in Bettadapura Police limits when Swamy was working in the agricultural field yesterday morning.

Two others, identified as Harish and Sanjay of Doddekoppal, have sustained serious injuries and have been admitted to a hospital in Mysuru city.

Bettadapura CESC Sub-Division Assistant Executive Engineer (AEE) Prashanth Kumar visited the spot and conducted an inspection. Bettadapura Police Sub-Inspector Prakash M. Yethinamani and staff also visited the spot and have registered a case.

Trees and over 20 electric poles have come crashing down at Marur, Gavadagere, Marur Kaval and Kattemalalavadi in Hunsur taluk. Due to gusty wind, ceiling of a house in Subash Colony was blown away and at Honnikuppev village, a coconut tree fell on a house damaging it. Many electric poles at Vishwanathiah Colony in H.D. Kote have fallen and a huge tree got uprooted and fell on a car damaging it. A tree fell on the house of one Manikanta, damaging the house.

Rains expected for three more days

Mysuru, May 22 (PM&KS)- Rains are expected for three more days in the district including Mysuru city.

An approximate of 15 mm rains was reported in the city yesterday.

While 67 mm rain was recorded at N. Begur in H.D. taluk, 35 mm rain was recorded in a few places at Hunsur taluk. K.R. Nagar and surrounding places recorded 20 mm rain, 45 mm rains were recorded at Harohalli and surrounding places in Mysuru taluk. Daasanur in Nanjangud recorded 16 mm rains, Koppa and surrounding places in Periyapatna taluk recorded 15 mm and Ukkalagere and surrounding places in T. Narasipur taluk recorded 21 mm rainfall till 7 pm yesterday, according to Karnataka State Natural Disaster Monitoring Cell.

Meanwhile, Prof. Govindaraju of Organic Farming and Research Institute at Naganahalli told *SOM* that normal to heavy rainfall is expected in Bengaluru, Mysuru, Chamarajanagar, Mandya and Kodagu for two to three more days.

Pointing out that there could be sudden rainfall anytime, Prof. Govindaraju said that this is pre-monsoon unexpected rains and added that Rohini rain would commence from May 24.

He further said that the temperature in the district had risen since two days which touched 40 degrees Celsius. The rains have brought some relief and the temperature has come down to 35 to 36 degree Celsius.

Prof. Govindaraju said that India Meteorological Department (IMD) had predicted rains and added that monsoon will enter the State in the first or the second week of June.

After Hublot, Siddu's new Rado watch starts ticking!

Deputy Chief Minister (Dy.CM) D.K. Shivakumar having a close look at CM Siddharamaiah's new watch as Minister M.B. Patil looks on.

Bengaluru, May 22- Even as his expensive Hublot watch controversy still lingers in the minds of many people, Chief Minister Siddharamaiah, who was sworn-in as the Chief Minister for the second time only on Saturday, has once again caught the attention of the media as his new Rado watch has started ticking now!

He was seen flaunting a flashy new Rado wristwatch, said to have been gifted to him by his wife Parvathi, at a party event to observe former Prime Minister Rajiv Gandhi's 32nd death anniversary here on Sunday.

It is said, when CM Siddharamaiah showed off his new Rado wristwatch to Minister M.B. Patil, who was sitting to his left, Deputy Chief Minister D.K. Shivakumar, who was sitting to his right, grew curious. He also held Siddharamaiah's hand to have a closer look at the new watch.

Minister Patil later told reporters that the watch was gifted to Siddharamaiah by his (Siddu) wife. "That is why he was looking at it with so much love. I told him to wear only this watch going forward," he pointed out.

During his earlier stint as the CM (2013 - 2018), Siddharamaiah was at the centre of controversy over a diamond-encrusted Hublot watch, worth about Rs. 70 lakh, that he said was gifted to him by a Dubai-based friend.

It may be recalled that the incident was given a quiet burial when the CM handed over the watch to the then Speaker K.B. Koliwad through a declaration.

However, the former Deputy Superintendent of Police Anupama Shenoy had then alleged that the CM (Siddu) had taken the watch as bribe in exchange for passing two projects. She had also demanded that the watch, which is now in the possession of the Government, be protected.

CM's DO's and DON'Ts

Tells Police to withdraw 'Zero Traffic' protocol

Bengaluru, May 22- In some relief to motorists of Bengaluru who are experiencing a harrowing time in road traffic almost daily, the newly sworn-in Chief Minister Siddharamaiah on Sunday asked the Bengaluru Police to withdraw the 'Zero Traffic' protocol extended to his convoy.

In a tweet, Siddharamaiah said, "I have directed the Bengaluru City Police Commissioner to take back the 'Zero Traffic' protocol for my vehicular movement. I have taken the decision after seeing the inconvenience faced by public travelling along the stretches where there are restrictions due to zero traffic".

It may be noted here that former Chief Minister Basavaraj Bommai too, days after being sworn-in as CM in Aug. 2021, had opted out of 'Zero Traffic' protocol for his motorcade. Instead, Bommai chose to have signal-free movement.

The Governor, the Chief Minister, the Home Minister and certain VIPs from the Union Government are entitled to 'Zero Traffic' corridors where the road is cleared of all vehicles to facilitate their free movement.

Says no to garlands and bouquets

Bengaluru, May 22- In yet another announcement, CM Siddharamaiah has said he would not be accepting garlands and bouquets at public events anymore.

Stating that he has decided to give a go-by to the practice of receiving garlands, bouquets, shawls, petas and other such items, he said that people could give him books, if they wish, instead to show their affection towards him.

Newly-elected Congress MLAs of Mysuru district felicitated

Mysuru, May 22 (MTY&DM)- The newly elected Congress MLAs from Mysuru district were felicitated by the Mysuru City and District Congress Committee during a programme held at Congress Bhavan near the City Railway Station here yesterday to commemorate the 32nd death anniversary of former Prime Minister Rajiv Gandhi by offering floral tributes to his portrait.

Speaking on the occasion, Chamaraja MLA K. Harishgowda said that he was thankful to the party leaders and workers for their efforts in his victory and assured to serve the people to the best of his capacity.

Nanjangud MLA Darshan Dhruvanarayan said, he has been elected as the MLA from Nanjangud in place of his father late R. Dhruvanarayan, a KPCC Working President, who was planning to contest the elections, before his untimely death.

Maintaining that he will not betray the trust reposed by the people of the Constituency on his father, he said he would work towards finding solutions to their problems and address their grievances.

K.R. Nagar MLA D. Ravishankar said that the Congress came to power in the State whenever the party performed well in the undivided Mysuru district that comprised Chamarajanagar. Pointing out that the party bagged eight out of eleven seats in Mysuru and three out of four seats in Chamarajanagar district, he said that the party totally won 11 seats in the 2 districts and also did exceedingly well in neighbouring Mandya and Kodagu districts.

H.D. Kote MLA Anil Chikkamadu said that the voters had broken the myth that an MLA will not be re-elected from the same Constituency for the second successive term.

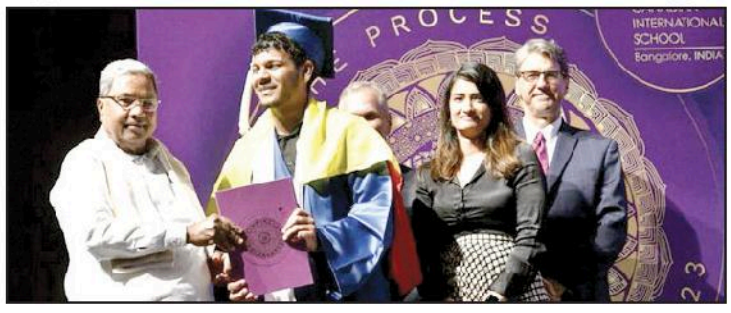
MLAs Harishgowda, Darshan Dhruvanarayan, Ravishankar and Anil Chikkamadu and MLC Dr. D. Thimmaiah were felicitated on the occasion.

Though the District Congress had expected 7 Legislators, excluding Chief Minister Siddharamaiah, who was elected from Varuna, three MLAs — Dr. H.C. Mahadevappa of T. Narasipur, K. Venkatesh of Periyapatna and Tanveer Sait of NR Constituency — did not turn up for the event.

The new MLAs were welcomed with garlands and bouquets by Congress workers at Field Marshal K.M. Cariappa Circle (Metropole Circle) on JLB Road, from where they were led in a procession to the function venue. Congressmen also garlanded the statue of Field Marshal Cariappa at the Circle.

District Congress President Dr. B.J. Vijaykumar, City President R. Murthy, former MP Kagalawadi M. Shivanna, leaders K. Marigowda, Latha Siddashetty, B.M. Ramu, Kalale Keshavamurthy, Susheela Keshavamurthy, Hedathale Manjunath, Basavaraja Nayaka, M. Shivanna, Girish Nayaka, N.R. Nagesh, Shivaprasad, Talakadu Manjunathan and others were present.

Attends grandson's graduation ceremony



Bengaluru, May 22- A day after becoming the Chief Minister for the second time, Siddharamaiah on Sunday took time off to attend the graduation ceremony of his grandson Dhawan Rakesh at Canadian International School in Bengaluru.

Dhawan, son of late Rakesh Siddharamaiah, the elder son of the CM, was among the 68 students who passed out of Class 12 from the School, which had a surprise guest in Siddharamaiah yesterday. The graduation ceremony address was delivered by noted writer and *Padma Bhushan* awardee Sudha Murty of the Infosys Foundation.

Siddharamaiah said later on his personal Twitter handle: "My grandson Dhawan completed his Class 12 from Canadian Intl. School and the school had organised a farewell for the graduating class of 2023 in the school premises on Sunday. I was happy to be part of the event."

It may be mentioned, Dhawan had made his public appearance in April 2023, when he accompanied his grandfather to Mysuru to witness Siddharamaiah's nomination filing from Varuna.

City Corporation ready to tackle monsoon-related issues

Mysuru, May 22 (CN,RK& TRR)- The officials and staff of Mysuru City Corporation (MCC) including the Abhaya teams are preparing to tackle the menace of monsoon which is likely to hit the State in the first or second week of June.

To ensure smooth flow of rain water, the MCC has begun clearing silt in Raja Kaluve across the city and the MCC staff are clearing weeds, bushes grown in drains and are removing garbage which have chocked the drains.

The Corporation staff have started clearing the garbage deposited in drains by using earth excavating machines in low lying areas such as Sathyanagar in Narasimharaja (NR) Constituency, Krishnaraja (KR) Constituency's Gowrishankaranagar and Aishwaryanagar and Chamundeshwari's Bogadi, Anandanagar and other areas.

Even as works of cleaning the Raja Kaluve and drains are in progress, the Under Ground Drainage (UGD) system has collapsed in some areas leading to overflowing of sewage water in front of houses which could result in outbreak of diseases if the issue is not solved immediately.

Speaking to *Star of Mysore*, Deputy Commissioner (Development) Mahesh said that there won't be any monsoon related problem this time as the MCC is geared up to tackle all monsoon related problems.

"We have taken precautionary measure at all Raja Kaluves and low lying areas. We are clearing garbage deposited in drains and there will no problem unlike previous years. Steps are being taken to ensure free flow of rain water in drains," he added.

But citizens complain that the officials were doing only superficial job and were not bothered about clearing garbage in drains despite garbage filled in drains and chocking them. They should first clear garbage in the drains, says a resident of Ward 54.

A resident of Rajarajeshwarinagar of Chamaraja Constituency pointed out that the water flooded houses in the area and caused serious problems to the residents. Who is responsible if similar thing happens this time also? "Drains are full of mud and stones and rain water does not flow smoothly on roads either. Instead of clearing the garbage they are busy doing other things. There are 112 houses in the area and we have just one borewell. During rainy season, rain water gets into borewell and we have no option but to drink the same water. We would be happy if such problems do not occur this time," say the residents of the area.

Abhaya team member is seen clearing a fallen tree on the 5th Main Road in Saraswathipuram in city this morning.

Abhaya teams to the rescue

Formerly known as 'Dhanush' which was working during emergency situations since five years, the name was changed to 'Abhaya' about three years ago. There are three vehicles equipped with all necessary equipment to tackle emergencies such as tree fall, house collapse, houses getting flooded etc.

These three vehicles work in three Constituencies in city namely NR, Chamaraja and KR and the team members work round the clock in three shifts. The contract has been awarded to a contractor through a tender and the team members are outsourced. The Abhaya teams are also used to prune dangerous tree branches, clear debris of fallen houses etc. and these teams are supervised by MCC Assistant Executive Engineer (Vehicle Division).

Following gusty wind and rain, many trees had fallen across the city and the members of Abhaya teams rushed to the spots and cleared the fallen trees to make way for smooth flow of traffic.

Assembly Begins

(Continued from page 1)

The Congress returned to power by a thumping majority winning 135 seats while the BJP came a poor second with 66 seats, the JD(S) with 19 seats and others in 4 Constituencies.

The election to the 224-member Karnataka Assembly was held on May 10 and the counting of votes was taken up on May 13.

Siddharamaiah took oath as the new CM on May 20 along with D.K. Shivakumar as Deputy CM and eight other senior Congress MLAs — Dr. G. Parameshwara, K.H. Muniyappa, Priyank Kharge, M.B. Patil, Satish Jarkiholi, K.J. George, Ramalinga Reddy and Zameer Ahmed Khan — as Cabinet Ministers.

Dy.CM Shivakumar was all smiles this morning and was seen shaking hands with his fellow party MLAs as well as MLAs from the Opposition BJP and JD(S).

Former CM Basavaraj Bommai (Shiggaon) of the BJP, who took oath in the name of God, former BJP Minister R. Ashok, who contested against DKS in Kanakapura and other BJP MLAs congratulated Deputy Chief Minister Shivakumar during the oath-taking.

Before the commencement of the session, Governor Thaawarchand Gehlot administered oath to Senior Congress MLA R.V. Deshpande as the Protem Speaker of the Assembly at Raj Bhavan in Bengaluru this morning. State Chief Secretary Vandita Sharma and other senior Officials were present.

DKS calls on S.M. Krishna

Earlier in the day, Deputy Chief Minister D.K. Shivakumar (DKS) called on former Chief Minister S.M. Krishna at his Sadashivanagar residence in Bengaluru and sought his blessings.

Krishna, who was conferred with the coveted *Padma Vibhushan* award in March this year, is considered as the Political Guru of DKS. Also, Shivakumar's elder daughter Aishwarya Shivakumar is married to S.M. Krishna's grandson Amartya Hegde, son of Café Coffee Day Founder late V.G. Siddhartha and Malavika Hegde (daughter of S.M. Krishna).

Sr. Congress MLAs refuse to be Speaker

Bengaluru, May 22- With many instances of Speaker of the Karnataka Assembly losing the Assembly polls, many newly elected senior Congress MLAs, who are offered the post, are unwilling to take up the post out of apprehension that their political career would come to an end.

In the past, many Speakers, who contested the polls, have lost and Vishweshwara Hegde Kageri of the BJP is the last one to be added to the list. Kageri, who remained undefeated all these years, lost his Sirsi Assembly seat to Congress candidate in the just held polls.

Congress leaders like H.K. Patil, B.R. Patil, T.B. Jayachandra, R.V. Deshpande and Y.N. Gopalakrishna, who are the senior-most among the newly elected MLAs, are refusing to accept the Assembly Speaker's post, which the party has offered them. However, after much persuasion by the Congress High Command, R.V. Deshpande, who was elected from Haliyal, agreed to function as the Protem Speaker until the new Speaker is elected on May 24, the last day of the first Session of the new Assembly.

The Karnataka Assembly has a history of Speakers losing the Assembly polls, especially since 2004: K.R. Pet JD(S) MLA Krishna, who functioned as the Speaker from 2004 to 2008, lost from K.R. Pet segment in the 2008 Assembly polls and with it, his political career came to an end.

Kagodu Thimmappa of the Congress, who was the Speaker in the Congress Government that was formed in 2013, lost the polls from Sagar in the 2018 polls and since then his political career seems to have come to an end.

Similarly, K.B. Koliwad of the Congress, who functioned as Speaker from 2016 to 2018, lost the polls from his home Constituency Ranebennur in 2018 Assembly polls. Koliwad also lost the Ranebennur by-polls held in 2019.

Another Senior Congress leader Ramesh Kumar, who functioned as Speaker in JD(S)-Congress Government formed in 2018, also lost the just held Assembly polls from his home Constituency Srinivaspur in Kolar district.

In yet another instance, K.G. Bopaiah of the BJP, who was the Speaker in the first BJP Government, too lost the May 10 polls from Virajpet Constituency.

With such a long list of Speakers from all the major parties losing Assembly polls, the Congress leadership is finding it hard to convince its senior MLAs to take up the post.

Annual Kodava meet in San Francisco Bay Area

40 families to organise the mega event on Sept. 2 and 3

The organising team of Annual Kodava Convention in North America, San Francisco Bay Area.

California, May 22 (OSR)- The Annual Kodava Convention in North America will be held on Sept. 2 and 3, 2023, this time in the San Francisco Bay Area, also known as Silicon Valley.

This convention, which has been going on for about 15 years, was postponed in 2020 due to the COVID-19 pandemic. A number of Kodava families across the country have already registered to participate in this convention, which is being jointly conducted by about 40 Kodava families.

It is an event for Kodava brethren from all across North America to meet, learn and celebrate the Kodava culture. With a strong history of more than 20 years, these conventions have been hosted in several major US cities in the past.

This year's convention is called 'namme-by-the-bay' and will showcase the vibrant and colourful festivals of Kodagu. This will be a unique opportunity for the attendees to learn about Kodava art, food, culture and deities in a much greater depth.

Furthermore, this event also presents meet-and-greet opportunities and networking for jobs, family connections and matrimony. An informal pre-convention event will be held on Sept. 2 at Elliston Vineyards — a beautiful and historic location in Sunol Hills.

Several Kodava families across the country have already registered to attend this event, which is being organised by about 40 Kodava families from San Francisco Bay Area and Sacramento.

The convention is being conducted to save the Kodava traditions and develop unity among the Kodava people. For more information, write to *bayareakodavas@gmail.com*

Trademark accorded to Kodava logo/symbol to prevent misuse

Founder-President of Kodavamera Kondata Chamera Dinesh Belliappa (left) receiving the trademark certificate from an official from the Trade Marks Registry.

Mysuru, May 22 (BCT)- The traditional symbol or logo of Kodavas and other original inhabitants of Kodagu comprising 'Peeche Kathi', 'Odi Kathi' and a gun (that have been used for centuries) placed in a particular and unique way to form a logo has been trademarked by Kodavamera Kondata, Madikeri, Kodagu district.

A trademark is a brand name specifying the unique characteristics of a product of any organisation. It is a symbol, phrase, logo or group of letters and numerals representing the uniqueness of a product or an organisation. Improper use of trademarked symbols can lead to legal hardship.

The Kodavamera Kondata is a society registered under the Karnataka Societies Registration Act, of 1960 and the trademark has been registered under the Trade Marks Registry, Mumbai, Government of India, as per procedures enlisted in the Trade Marks Act 1999.

Accordingly, the certificate of registration has been awarded to Kodavamera Kondata on May 14, 2023, by the Registrar of Trademarks. Trademark registration prevents misuse of the logo and now, it can be used only by Kodavas and 21 communities.

The other communities who have been permitted to use the logo are Amma Kodavas, Airi, Banna, Baniya, Boonepatta, Golla, Kodava Heggade, Kaniya, Kapala, Kembatti, Koleya, Koyava, Kodava Hajama, Kodava Nayar, Panika, Marangi, Madivala, Maliya, Meda, Malekudiya and Nayanda.

Apart from these 22 communities, no one can use the logo

and legal action can be taken against its misuse. In a letter to the DG&IGP Karnataka and Superintendent of Police, Kodagu, Kodavamera Kondata has informed the authorities that the organisation will legally prevent the misuse of the logo.

Speaking to *Star of Mysore*, Founder-President of Kodavamera Kondata Chamera Dinesh Belliappa said that the main purpose of obtaining the trademark for the logo was to prevent its rampant misuse.

"We have been seeing some vehicles involved in illegal activities like smuggling boldly sporting our traditional logo as often such vehicles having the logo are not stopped at the Kodagu district borders assuming that they are owned by community members," he said.

Kodavas and the 21 communities are emotionally attached to the logo as it is a matter of pride to sport the logo and it hurts if it is misused, discrediting the community. "We applied for the trademark in 2020 and it has been granted after a long process, detailed inspection, examination, assessment of tradition, historical references, affidavits, representations and arguments of all 22 original inhabitants of Kodagu. The trademark is renewed every 10 years and the same process is followed," he explained.

Sri Ganapathy Swamiji releases children's book 'Dinakkondu Pouranika Kathe'

Mysuru, May 22 (GA&BS)- Avadhoota Datta Peetham Seer Sri Ganapathy Sachchidananda Swamiji has said, "Vyasa is the original writer of Puranas and Upanishads. Earlier, *Eenadu* Daily was publishing the stories to popularise the significance of Vyasa's writings and teach how to worship Goddess Saraswati to the students."

Sri Ganapathy Sachchidananda Swamiji spoke during the release of collection of mythological stories for children 'Dinakkondu Pouranika Kathe,' conceptualised by himself, authored by B.G. Ramesh and brought out by Chethana Book House, at Nadamantapa in the premises of Sri Ganapathy Sachchidananda Ashram on Mysuru-Nanjangud Road in city recently.

"Several stories published in *Eenadu* were derived from Bhagavata and Mahabharata, which helped in inculcating culture to students. It had reached lakhs of people then. However, nowadays the habit of reading among people is dwindling. To rekindle interest, we have to encourage reading, that will also enhance knowledge," said Swamiji.

Noted Scholar Dr. Kabbinale Vasanth Bharadwaj said, "As there is no space for mythological stories in the current education system, it is the duty of the parents to tell such stories to their children. It helps in understanding Indian culture."

"It is a tragedy that most of the children are not aware of Upanishads. Earlier, people were eagerly looking to hear Upanishads. The stories related to Vali and Anjaneya were more interesting. Upanishads are no less when compared to any other forms of literature. But still we go behind 'Navya Kavya' (new or modern literature that is prevalent)," rued Dr. Bharadwaj.

Writer Dr. C.P. Krishna Kumar (CPK), author of the collection of children' stories B.G. Ramesh, President of Mysuru District Kannada Sahitya Parishat Maddikere Gopal, senior journalists G.R. Sathyalingaraju and S. Prakash Babu, theatre person Rajashekar Kadamba and others were present.

Veerashaiva-Lingayat matrimonial meet

Mysuru, May 22- The city's Basaveshwara Vadhu-Varara Vivaha Vedike, Manandavadi road, Srirampura, will be conducting a Veerashaiva-Lingayat matrimonial meet at Sri Vidya Bharathi Kalyana Mantapa, Uttaradi Mutt road, near Gun House Circle, at 12 noon on June 4.

The interested prospective Veerashaia-Lingayat brides and bridegrooms can register before June 3. For registration and details, call Mob: 96862-05346, according to a press release

Legends Premier League - T10 Cricket Tournament

Mysore Maharajas emerge champions

The winners — Mysore Maharajas team.

Mysuru, May 22- Mysore Maharajas registered nine wicket win over Mysore Lancers to win the inaugural Legends Premier League - T10 Cricket Tournament held at SDNR Wadiyar Ground here yesterday.

Due to heavy rains, instead of ten overs a side the match was reduced to five overs a side.

After electing to bat, Mysore Lancers managed to score 32 runs in five overs before losing their five wickets.

Middle order batsman A.C. Chetan Kumar topscored with 21 runs in just 15 balls which included two boundaries and a six while for Mysore Maharajas, C. Sunil, C. Raghavendra, C.K. Chandrashekar and M.K. Saptha Girish took a wicket each.

In reply, Mysore Maharajas scored the required runs in just 2.1 overs losing just one wicket.

Opening batsman Chandrashekar topscored with 16 runs in just nine balls which included two sixes and a four. For Mysore Lancers, Sanjay Raja took one wicket.

Earlier in the semifinals, Mysore Lancers defeated Mysore Gladiators by six wickets while Mysore Maharajas beat team Maharajas Bengaluru by seven wickets.

A.V. Sandeep of Mysore Lancers was awarded 'Best Batsman' award while Sunil Chinnaswamy of Mysore Maharajas got 'Best Bowler' award and A.C. Chetan Kumar of Mysore Lancers got 'Best Fielder' award. P. Krishnaiah, Director of Department of Physical Education, University of Mysore (UoM), gave away the awards.

The Department of Physical Education (DPE), University of Mysore, in association with Navodaya Cricket Club and Jai Hind Cricket Club, had organised the Tournament.

Around 100 Senior Cricketers who had represented Ranji Trophy, Karnataka State, Mysuru Division and University Cricket teams, who had come from across the State took part in the two-day Tournament.

SAPIENT Education Trust, IFIMED Pharmaceuticals, Idea Infinity supported the conduct of the tournament.

RESULTS

Winners - Mysore Maharajas.

Runners - Mysore Lancers.

Best Batsman - A.V. Sandeep (Mysore Lancers).

Best Bowler - Sunil Chinnaswamy (Mysore Maharajas).

Best Fielder - A.C. Chetan Kumar (Mysore Lancers).

The runners — Mysore Lancers team.

KSOU Regional Centre planned in Kalaburagi: VC Halse

Prof. Halse

Mysuru, May 22 (RK&BS)- Vice-Chancellor of Karnataka State Open University Prof. Sharanappa V. Halse has said that the Varsity has plans to start 51 new courses in addition to 64 available courses. The new courses include Data Science, Bio-informatics, Earth Science, Computer Applications and Cyber Security to name a few.

Vice-Chancellor Halse told media persons at his Office in city recently that the new courses are planned to be introduced in the coming days to cater to the demand of the students, the enrolment of whom are also on the rise.

It is also targeted to enrol more than two lakh students by introducing online courses and strengthening the learning management system.

Following the relentless efforts, Karnataka State Open University has succeeded in getting one acre land from Gulbarga University (GU) in Kalaburagi, to establish a Regional Centre there, the VC said and added that similar efforts are being made to get a Civic Amenities (CA) site from Mysuru Urban Development Authority (MUDA) too.

JSS AHER scientists discover Vitamin D mimicking molecule

Has a significant beneficial effect on breast cancer-induced liver inflammation and fibrosis

Dr. Prasanna

Dr. Subba Rao

Dr. Shashanka Prasad

Mysuru, May 22 (BCT)- A study conducted by scientists from the Department of Biochemistry, Centre of Excellence in Molecular Biology and Regenerative Medicine at JSS Medical College and JSS Academy of Higher Education and Research (JSS AHER) in Mysuru has demonstrated the therapeutic potential of Quercetin, a dietary flavonoid abundant in apples, grapes, berries, onions, tea and red wine.

The study revealed that Quercetin, acting as a mimic of vitamin D, exerts a significant beneficial effect on breast cancer-induced liver inflammation and fibrosis. The findings were recently published in the prestigious journal Frontiers in Nutrition, published by the Frontiers Group.

Led by Dr. Prasanna K. Santhekadur, Associate Professor at the Department of Biochemistry, JSS Medical College, the study involved collaboration with Ph.D students G.S. Nirmala, D.S. Varsha and D.P. Lakshana.

Additionally, Dr. M.V.V.S.T. Subba Rao, Professor at the Department of Biochemistry, JSS Medical College, Dr. Shashanka Prasad, Assistant Professor at JSS School of Life Sciences, Dr. T.S. Ashwini, Professor at JSS Dental College and Dr. M.V. Ravi Shankar, Assistant Professor at the Department of Anatomy, JSS Medical College, along with Siva Dallavalasa, G.B. Chaithanya and Smitha S. Bhat from JSS AHER, were part of the research team.

Significance of the study

The study holds significance due to the changing lifestyles influenced by globalisation and urbanisation. With the adoption of unhealthy dietary habits, increased consumption of highly processed foods and a shift towards a sedentary lifestyle, there has been a decline in the consumption of traditional Indian foods and a rise in Western dietary habits.

This, coupled with factors such as reduced sunlight exposure and inadequate Vitamin D intake, has led to a widespread deficiency of Vitamin D, with an estimated 1 billion people worldwide, including 490 million in India, being affected.

Study reveals that Quercetin, acting as a mimic of vitamin D, exerts a significant beneficial effect on breast cancer-induced liver inflammation and fibrosis. Liver inflammation and fibrosis are common in breast cancer patients and have a significant impact on overall survival.

Low Vitamin D levels have been associated with an increased risk of breast cancer. However, the study highlights that the consumption of Vitamin D or Vitamin D-mimicking compounds like Quercetin, along with proper sleeping habits, may help prevent the occurrence, growth and progression of breast cancer, especially in susceptible individuals.

Liver inflammation and fibrosis are common in breast cancer patients and have a significant impact on overall survival. The study elucidates a novel mechanism in which the dietary flavonoid Quercetin inhibits key characteristics of breast cancer, including cell proliferation and tumour angiogenesis, while also protecting the liver from cancer-induced inflammation and fibrosis.

This protective effect is achieved through the activation of the Vitamin D Receptor (VDR), similar to the action of Vitamin D itself.

The research work received financial support from the Department of Science and Technology through the 'Promotion of University Research and Scientific Excellence' (PURSE) scheme, as well as partial support from the Department of Biotechnology (DBT) and the Karnataka Science and Technology Academy.

WORD OF THE DAY

Aftermath

Pronunciation: AF-ter-math.
Meaning: Aftermath refers to the period of time shortly following a destructive event, or to a negative consequence or result.
Origin: At first glance, one might calculate aftermath to be closely related to mathematics and its cropped form math. But the math of mathematics (which came to English ultimately from Greek) and the math of aftermath grew from different roots. Aftermath dates to the late 1400s and was originally an agricultural term, an offshoot of the ancient word math, meaning "a mowing." The original aftermath came, of course, after the math: it was historically the crop cut, grazed, or plowed under after the first crop of the season from the same soil. (Math is still used in some parts of the United Kingdom to refer to a mowing of a grass or hay crop, as well as to the crop that is mowed.) It wasn't until the mid-1600s that aftermath came to have the meanings now familiar to us, referring to the period of time following a destructive event, or to a negative consequence or result.
Example: "The ballad, stacked with layers of harmonies, establishes her independence in aftermath of a relationship coming to an end." —Larisha Paul

THE ODD WORD

Abusion

Misuse; outrage; deception.

PHRASE OF THE DAY

A good man is hard to find

Meaning: A modern-day proverb, bemoaning the difficulty of finding a suitable male partner.
Origin: This phrase was coined by Eddie Green, as the title of his song A Good Man Is Hard To Find. This was composed in 1918 and first offered for sale as a piano roll in the Fort Wayne Journal-Gazette on 12th December that year (just in time for Christmas - a bargain at 90 cents):
A good man is hard to find; You always get the other kind; Just when you think that he is your pal; You look for him and find him fooling 'round some other gal; Then you rave, you even crave; To see him laying in his grave; So, if your man is nice, take my advice and hug him in the morning, kiss him ev'ry night, Give him plenty lovin', treat him right; For a good man nowadays is hard to find, a good man nowadays is hard to find.
A similar though more general outlook was expressed in the Bible, Micah 7:2 (King James Version):
The good man is perished out of the earth: and there is none upright among men: they all lie in wait for blood; they hunt every man his brother with a net.

QUOTE BOX

We may encounter many defeats but we must not be defeated.

Sudoku is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the numbers 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once. The difficulty level of the Concept is Sudoku increases from Monday to Sunday.

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.

For first time, Rafael Nadal skips French Open

Paris, May 22- Rafael Nadal on Thursday withdrew from the French Open because his hip injury has not healed and said he expects 2024 to be his final year in professional tennis. "It's not a decision I'm taking, it's a decision my body is taking," said the 36-year-old Spanish superstar, who has played at the clay court major every year since 2005 and won it 14 times. Nadal said he was taking a few months off before starting to play again.

Since his swashbuckling title-winning debut in the French capital in 2005, he racked up 14 titles, winning 112 matches and losing just three.

Rafael Nadal

Qualifying for French Open starts today (May 22) and the main draw starts on May 28.
